

# GREENLIGHT NETWORKS IS HERE!

## NEW YORK'S FASTEST INTERNET PROVIDER IS NOW AT GREENWOOD TOWNHOMES!

Based in Rochester, NY and founded in 2011, Greenlight Networks builds, owns, and operates its fiber-optic networks to provide amazingly fast Internet connections to its customers.

**Greenwood Townhomes amenities now include Greenlight Networks' ultra-high-speed Internet service!** Each townhome features a **1000 Mbps download and 1000 Mbps upload connection!** Fiber Internet provides the fastest, most reliable connection so you don't experience any disruptions. Whether you're streaming TV in 4K, video chatting, working-from-home, playing your favorite online games, or all of these at the same time — there is no better, faster or more reliable way to connect than with fiber broadband internet from Greenlight Networks. Your service includes access to your own WiFi connection that can support up to two dozen devices, depending on your bandwidth use. For more information about your **Total Managed WiFi** service and to get personal support from Greenlight Networks visit [www.greenlightnetworks.com/wifi/](http://www.greenlightnetworks.com/wifi/)

### Plan information:

Up to 1000 Mbps download/1000 Mbps upload included in every home. To upgrade to higher speeds up to 8000 Mbps download/8000 Mbps upload please call Greenlight Networks at the number below.
